

## INTRODUCTION

My intention in presenting articles is to expose the cabal and spread Light consciousness. I do not like the cabal and am excited to see their hierarchy collapse to nothing. They are behind all criminality on the planet.

Just as the cabal is attempting to mathematically (algebra) subdue the surface population into “New World Order” capitulation they are being mathematically (calculus+) stopped by a Higher Force: God. This is superior angelic quantum elastic meta-hypergame defense (attack) neutralizing their social-automation system.

All I need to say is in this article: CABAL SILENT GENOCIDE. All other information is supplementary.

We are in the final battle and the Light is victorious. This planet is destined to become a cosmic paradise world for the righteous (public Utopia).

My sign off “2P4C” stands for “To Peace for Contact” and it is representative of flashing a 2 (Peace sign) and a 4 (Vulcan Salute, Star Trek sign). World peace and open world contact with benevolent ETs is soon to be our reality.

My alias is SbG6LB8 (random code name).

What will the cabal be when accounts drain and cuffs click?
